

# UCN International Tariff

## 1 INTRODUCTION AND GENERAL TERMS

In compliance with the rulings of the Federal Communications Commission (FCC), this tariff, having the force and effect of law, sets forth the rates, terms and conditions governing our international long distance services provided to our customers.

By law and regulation, this tariff is effective January 28, 2002.

Pursuant to section 203 of the Telecommunications Act of 1934, the rates, terms and conditions in this tariff cannot be changed nor modified in any manner unless such change or modification is posted on this site. We have the right to make changes or modifications in our discretion and without prior notice. No change will be effective sooner than 24 hours prior to such change being posted at this site.

Once a change is made, including rate changes, each customer affected by that change is subject to the changed rates, terms or conditions. In addition, your order of new service, any order for a change or addition of service, or the payment of any invoice for services rendered signifies your constructive, or actual, notice and your acceptance of the rates, terms and conditions affecting your new, changed or additional service. Constructive notice means that you are charged with being aware of the rates, terms and conditions even if you have not actually seen the rate, term or condition governing your service. Our reliance on constructive notice is based on established legal rulings and public policy considerations, primarily, the law and policy that no customer may be treated differently than any other customer in regard to the rates, terms or conditions governing the same service.

### 1.1 Validity of Terms

In the event that one or more provisions of the Terms shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such validity, illegality, or unenforceability shall not affect any other provision contained in the Terms, which shall remain valid and enforceable.

## 4 ADMINISTRATIVE TERMS AND CONDITIONS

### 4.1 Undertaking of Company

Our services are furnished twenty-four hours a day, seven days a week to make long distance calls that originate in the Mainland United States, and terminate outside the United States, its possessions and territories. Upon reasonable request, we will arrange for installation, operation, and maintenance of the communications services we provide. Additional charges may apply.

### 4.2 Limitations

Our services are offered subject to the availability of the necessary facilities and equipment and we reserve the right to discontinue or limit service when necessitated by conditions beyond our control, or if you use our services in violation of this tariff or the law. Conditions beyond our control include, but are not limited to, your having call volume or a calling pattern than results, or may result, in the blockage of our network or in the degradation of our service. We also reserve the right, at any time, to substitute facilities or equipment used to furnish service or substitute comparable service for any service furnished.

We do not undertake to transmit messages, that is, we are not and will not be liable for errors in transmission or for failure to establish connections.

We will refuse to process Calling Card calls when authorization for use of the card cannot be validated. We will also refuse to accept Collect Calling or Third Number Calls that we determine might be or are invalid, or we may limit the use of these billing options to and from certain locations.

We reserve the right to discontinue service, limit service, or to impose requirements on you as our customer when required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material affect on the business or economic feasibility of providing service. The exercise of these rights will be determined by us in our reasonable judgment.

### 4.3 Assignment or Transfer

All services provided under this tariff are directly or indirectly controlled by us and you may not transfer or assign your service or facilities without our express written consent. If we do give our consent, any transfer or assignment is approved only if the transfer or assignment can be completed without an interruption in the use or a change in location of our service or facilities. All terms and conditions contained in this tariff apply to each approved transferee or assignee.

### 4.4 Use

Our services provided under this tariff may be used for any lawful purpose for which our service is technically suited and consistent with the terms of this tariff and the policies and regulations of the FCC.

Our services may not be used for international call-back offerings using uncompleted call signaling to any country when that country has prohibited such an offering by statute or regulatory decision.

Nothing in this Tariff, or in any marketing materials issued by us, shall give you, if you who have reserved TFAS 800/888/877 telephone numbers or if you have subscribed to and use TFAS 800/888/877 service, or to any of your transferees or assignees, any ownership interest or proprietary right in any particular TFAS 800/888/877 service telephone number.

You are responsible for all charges for use of our network arising from calls placed to any of your TFAS 800/888/877 service numbers.

If you apply to us for a TFAS 800/888/877 service, you must supply the following information at the time you request service: an initial traffic forecast, identification of anticipated busy hour, identification of your geographical marketing target areas, and a schedule of marketing and promotional activities. A new traffic forecast must be submitted quarterly after service is initiated.

We may adjust our rates and charges or impose additional rates and charges in order to recover amounts we are required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund, the Primary Interexchange Carrier Charge, and compensation to payphone service providers for the use of their payphones to access our service.

It is your obligation to furnish all information necessary for us to provide service to you.

#### 4.5 General Customer Eligibility Requirements.

We offer service if you meet the following general eligibility requirements. Additional eligibility requirements may apply for specific services and will be described and prescribed in the sections of this tariff applicable to each service offering based on specific eligibility requirements in addition to those following.

#### 4.6 No Non-Payment of Charges.

At any time within one year prior to ordering service from us, you may not have had your account with another telecommunications service provider canceled for non-payment of charges.

#### 4.7 Timely Payment of Charges.

At any time within the six (6) months prior to ordering service from us, you may not have had any history of late payment charges for services provided by another telecommunications service provider.

#### 4.8 No History of Delinquencies.

Presently, or at any time during a previous service period with us or any commonly-owned telecommunication service provider, you may not have had or have any delinquencies in payment of applicable charges.

#### 4.9 Creditworthiness.

Prior to and at all times during service terms, you must have and maintain credit worthiness determined to be satisfactory to us in our sole and absolute discretion.

#### 4.10 Limitations on Our Liabilities in Rendering Service

Our obligations under this Tariff are to furnish service consisting of facilities and equipment that is exclusively of our choosing. Unless otherwise provided in this Tariff or any other contract pertaining to service provided under this Tariff, we may substitute facilities or equipment used to furnish service, or substitute comparable service for any service furnished under this Tariff, at any time.

Our liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in transmission that occur in the course of furnishing service or facilities, shall in no event exceed the amount equal to the applicable charges for the period during which the problem with the transmission(s) occur.

Also, we are not liable for claim or loss, expense or damage (including indirect, special or consequential damage), for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by any person or entity other than ourselves or if caused by the failure of any service, facility or equipment provided by any person or entity other than ourselves. Nor are we liable for any malfunction of any service or facility provided by any other telecommunications service provider, or by an act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond our control.

Under the law, as a "common carrier" we are not liable for, but you are fully responsible for indemnifying and holding us harmless against any claim or loss, expense, or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion of privacy, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other content revealed to, transmitted, or used by us in providing services under this tariff; or for any act or omission; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use or removal of equipment or wiring provided by us, unless directly caused by our own negligence. Further, we are not liable for any defacement of or damages to your premises that result from our furnishing you service unless it is the direct result of our own negligence.

In connection with furnishing toll free access services (the 1+800 type of service), we act as an administrator of those numbers and service (called a "Resp.Org." for Responsible Organization). Where any claim arises out of our acting as a Resp.Org, or where your toll free access service (TFAS) is not available on the date we committed to, or we cannot otherwise make such service available after we have accepted your order, or we must provide you a number or numbers other than the one(s) you requested and we committed to provide you, or your number or numbers are not included in the TFAS Directory Assistance or are included in an incorrect form, or the Vertical Features available with such services are not obtained or obtained in error, if any of such failure or failures listed above are due solely to our own negligence our liability, if any, is limited to the lesser of (a) the actual monetary damages incurred and proved by you to be the direct result of such failure or failures, or (b) the sum of \$100.00. We are not liable at all for (a) circumstances surrounding any FCC actions limiting the availability of 800/888/887 or similar numbers, or (b) the use, misuse, or abuse of your TFAS by third parties, including, without limitation, your employees or members of the public who dial your TFAS number by mistake. Recovery for any injury you may suffer due to the fault of others must be sought from those other parties. In the event we do mis-route a call, our sole liability shall be to provide you a credit equal to the charges for the affected call.

With respect to any service provided by us that involves shared access, shared interexchange transmission, and/or shared termination, our liability shall not exceed an amount equal to the charge applicable to a 1-minute call to the called station at the time the affected call was made. This limitation applies to all international calls regardless to which of our services you subscribe.

We are not liable for any act or omission of any other company or companies furnishing a portion of the service, or from any act or omission of a third party, including those vendors participating in offerings made to you under this Tariff, or for damages associated with service, channels, or equipment that we do not furnish, or for damages that result from the operation of your own systems, equipment, facilities or services that are interconnected with our services.

#### 4.11 Use of Recording Devices

You or your Authorized Users may use recording devices when using our service, but you do so at your own risk.

You or your Authorized User may use a recording device only if such use complies with the following requirements.

You must be able to connect or disconnect the recording device, or turn the recording device on or off, at will.

You or your Authorized User may record a conversation if you or your Authorized User obtain a written or verbal consent to the recording of all parties to the conversation prior to or at the beginning of the conversation.

You or your Authorized User must provide a distinctive recorder tone that must be repeated at intervals of approximately fifteen (15) seconds to alert all parties to the conversation that a recording device is being used.

These requirements will not apply if you are a radio or television broadcast licensee that uses a recording device to record a conversation for broadcast if all parties to the conversation are aware that the conversation will be broadcast.

#### 4.12 Taxes, Surcharges and Utility Fees

Federal, state and local taxes, including but not limited to, universal service funds, gross receipts taxes, sales taxes, and municipal utilities taxes are listed separately and are not included in the rates listed in this Tariff.

#### 4.13 Payment for Service

Service is provided and billing is on a monthly basis. Service continues to be provided until thirty days after our receipt of a written request from you for the disconnection of service, unless other restrictions apply. In addition to charges for our service, you must pay any applicable federal, state or local use, excise, sales, or privileges taxes, and/or assessments or fees resulting from the services furnished by us. Such taxes, assessments or fees shall not be counted toward the attainment of any volume or revenue commitment and will not be discounted, but may be marked up to defray the cost of collection, remittance, and administration.

You are responsible for payment of all charges for services furnished by us. This includes payment for calls or services (a) originated at your telephone number(s) whether authorized or not; (b) accepted at your number(s) (e.g., 800 service calls, collect calls); (c) billed to your number(s) via Third Number Billing, the use of a Calling Card, or the use of an Authorization Code, Calling Card Number, or other special billing number we assigned at your request; and/or (d) incurred at your or your representative's specific request.

If you are a customer of TFAS service, you are responsible for payment for all calls placed to or via your special access code numbers, e.g., the 800/888/877. This responsibility is not changed by virtue of any use, misuse, or abuse of your service or customer-provided systems, equipment, facilities or services interconnected to your TFAS, which use, misuse or abuse may be occasioned by third parties, including without limitation, your employees and members of the public who dial your TFAS number(s) by mistake.

Bills for service are due and payable upon receipt. Amounts not paid within 30 days of the invoice date will be considered past due. If notice of a dispute as to your charges is not received, in writing, within thirty (30) days after an invoice is rendered, that invoice shall be deemed correct and is binding upon you. If you have a legitimate dispute, you are nonetheless required to pay the undisputed portion of your bill in its entirety. If your account is not paid within thirty (30) days from the date we post your charges to your invoice, all applicable charges for the immediately preceding billing period (the "current invoice") are delinquent. If we become concerned at any time about your ability to pay your bill, we may require that you pay your bill within a specified number of days and to make such payments in cash or the equivalent of cash, e.g., a certified or cashier's check or valid credit card.

Current invoices are mailed, e-mailed or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period. Delinquent payments may result in the imposition of a late fee at the rate of one and one-

half percent (1.5%) of the unpaid balance per month or the maximum allowable under applicable law. For disputed bills, the terms of payment shall be according to the principles of federal telecommunications law as stated in the Communications Act of 1934, as amended, the decisions of federal and state courts thereunder, the decisions, orders, rules and regulations of the Federal Communications Commission (FCC) and our applicable tariffs or contract as posted on this site.

If you accumulate more than \$100.00 of undisputed delinquent TFAS service charges, we will not honor your request to change your service to the administration to another Resp.Org. until such undisputed charges are paid in full.

A surcharge is imposed on all charges (net of bad debts) for outbound service originating at, or inbound service terminating at, addresses in non-federal jurisdictions which levy, or assert a claim of right to levy: (i) a gross receipts tax, a license tax, or other tax-like charge on our operations in any such non-federal jurisdiction; or, (ii) a tax on interstate access charges incurred by us for access to telephone exchanges in that non-federal jurisdiction; or, (iii) an ad valorem tax on our property located in that non-federal jurisdiction which is used in providing international service.<sup>1</sup> This surcharge is based on our: (a) gross receipts, revenues or operations in that non-federal jurisdiction; and/or, (b) the amount paid for interstate access charges in that non-federal jurisdiction; and/or, (c) property located in that non-federal jurisdiction and used by us to provide international service. The surcharge for (c) is derived by multiplying the ratio of interstate plus international revenue in the state to total revenue times total statewide ad valorem taxes imposed on us in that state during the current calendar year. The surcharge does not include taxes based on our net income. The surcharge will be shown as a separate line item on your invoices.

#### 4.14 Collection Procedures and Obligations

In the event we must incur fees or expenses, including attorney's fees, to collect, or attempt to collect, any charges owed by you, including charges alleged to have resulted from fraud or abuse of your services, you are fully liable for all such fees and expenses, including our reasonable attorney's fees, incurred to collect or to attempt to collect our charges and are further subject to the following legal requirements. For collection of charges owed, you will be liable to the company for an additional payment equal to 35 percent of the charges owed, where permitted by applicable law.

You must pay all charges due and owing irrespective of any claims of loss, liability, set off, damages, or other claims against us to which you may claim to be entitled. Your duty to pay such charges shall arise upon our demand for payment and you may not delay or defer payment because of the commencement of any legal or equitable action by you or by us in connection with such charges incurred under this tariff.

You further agree that all actions, suits or proceedings to recover charges due under this tariff shall, at our discretion, be prosecuted in the state or federal courts in the state in which we maintain our principal offices. You consent to and submit to the exercise of jurisdiction over the subject matter, waive personal service of any and all process upon you, and consent that all such service of process be made by registered mail directed to your address as known by us. Service so made shall be deemed to be completed five (5) business days after such process shall have been deposited in the mail, postage prepaid. You also waive trial by jury, any objection based on forum non conveniens, any objection to venue or jurisdiction of any action instituted hereunder, and consent to the granting of such legal or equitable relief as deemed appropriate by the Court.

In the event we do incur fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed by you, we will charge you all such fees and expenses reasonably incurred, including the late payment fee on the unpaid charges

---

<sup>1</sup> Pending the conclusion of any challenge to a non-federal jurisdiction's right to impose a gross receipts tax, a license tax, a tax-like charge, a tax on interstate access services, or an ad valorem tax, we may elect to impose and collect a surcharge covering such taxes, unless otherwise constrained by court order or direction, or we may elect not to impose and collect the surcharge. If we have collected a surcharge and the challenged tax is found to have been invalid and unenforceable, we, in our sole discretion, will either reduce service rates for a fixed period of time in the future in order to flow-through to you an amount equivalent to the funds collected or we will credit or refund such amounts to you to the extent you have been affected (less our reasonable administrative costs), if the funds collected were retained by us or if they were delivered over to the taxing non-federal jurisdiction and returned to us, or negotiate an arrangement with the taxing non-federal jurisdiction that benefits you in the non-federal jurisdiction in the future.

accruing at a rate of one and one-half percent (1.5%) per month. Late payment fees on unpaid charges shall begin to accrue thirty (30) days from the date we post to your invoice all your applicable charges for the immediately preceding billing period (the "current invoice"). Current invoices are mailed, e-mailed, or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period. Late payment fees are separate and distinct from attorney's fees and other costs incurred in collecting charges owed to us.

If your account is closed but has a credit balance showing, we will transfer the credit to another account of yours, if there is one, or will mail a check for the balance to you if we believe we have a valid address. If we are uncertain that we have a valid address, we will include a notice with the final invoice, which will be mailed to your last known address, asking you to verify the address so that we can make a refund, or we will write to you at the address and request verification. If the final invoice or the notification letter is returned by the post office as undeliverable, or if no response is received within thirty (30) days of mailing, we will begin applying a closed account maintenance charge of \$2.50 per month in the second monthly billing period following the month in which your account was closed and we will continue to apply the charge until you request a refund or the balance is exhausted.

We shall assess a charge of \$20.00 whenever a check or draft presented for payment of service is not accepted by the institution on which it is written.

#### 4.15 Deposits

You are required to establish credit. If you have not or do not establish credit to our satisfaction, we will require a deposit as a guarantee of your payment of our charges. If you are an existing customer you may still be required to make a deposit or increase a deposit we presently hold. Your deposit will be equal to or less than two (2) months of your historical or estimated billing and will be held for as long as your financial condition or credit worthiness so warrants as determined by us. The fact that a deposit has been made in no way relieves you from the prompt payment of our bills upon presentation. Once you have established a satisfactory payment record for one (1) year, we will refund your deposit, with applicable interest.

You may also be required to provide such other assurance of, or security for, the payment of company's charges, as the company may deem necessary, including but not limited to advance payments for service, third party guarantees of payment, pledges or other grants of security interests in your assets, and similar arrangements. We may also establish toll usage limits to you as an applicant for service or as an existing customer whose financial condition cannot be verified or is otherwise unacceptable.

In lieu of cash or cash-equivalent security deposits and/or toll usage limits, we may, at our sole discretion, require a commercial credit card account number to which future usage may be charged. Also, we reserve the right to cease accepting and processing service orders after we have requested a security deposit or commercial credit card account number and prior to your compliance with this request.

#### 4.16 Interconnection with Other Carriers

Service furnished by us to you may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier. You are responsible for all charges billed by other carriers for use in connection with our service. Any special interface equipment or facilities necessary to achieve compatibility between us and other carriers is your responsibility.

We shall not be liable for your failure to fulfill your obligation to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies, for interconnecting your terminal equipment or communications system to our network. You agree to secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. In addition, you shall ensure that your equipment and/or system is properly interfaced with our Service and that the signals do not damage our equipment, injure our personnel or degrade service to other customers. If you fail to maintain or operate your equipment and/or system, with resulting imminent harm to our equipment, personnel, or the quality of service to other customers, we may, upon written notice, require the use of protective equipment at your expense. If this fails to produce satisfactory quality and safety, we may, upon written notice, terminate your service without liability.

#### **4.17 Equipment or Facilities**

Equipment provided by you for use in conjunction with the services provided by us must be made, maintained and operated as to work satisfactorily with the facilities provided for use of our services.

You will be responsible for the installation, operation and maintenance of any such equipment at your own expense. Our responsibility is limited to furnishing proper services and we will not be responsible for ensuring transmission or reception of its services via the equipment you provide.

Where we install facilities and associated equipment on your premises, you will provide the personnel, power and space to operate the facilities and equipment and will allow us access to the facilities and equipment at any reasonable time, as needed, for testing. You will be liable to us for any damage to our facilities and/or equipment where that damage is caused by your negligence or willful act of those of your officers, employees, agents or contractors.

You will return to us all company-provided equipment delivered to you within five (5) days of termination of the service in connection with which the equipment was used. The equipment shall be in the same condition as when delivered to you, except for normal wear and tear. If you fail to return the equipment, you shall reimburse us, upon demand, for any costs incurred due to this failure.

You may interconnect your own services with services provided by us using the appropriate interconnection methods and at your own expense. However, you must ensure that your interconnection services will not cause damage to our services and facilities and you will be responsible for any such damage or any resulting damage or harmful interference to services furnished to other of our customers. We may periodically and upon reasonable notice to you, conduct tests and inspections to determine that you are complying with the requirements for interconnection. If we find that you are not complying with the interconnection requirements, we will notify you in writing and if you do not correct the noncompliance within ten (10) days after receiving our notice, we may take necessary action, including suspending your service.

#### **4.18 Refusal or Discontinuance by Company**

Without incurring any liability, we may refuse or discontinue service for your non-compliance with and/or violation of any Federal, State or municipal law, ordinance or regulation pertaining to telephone service. Service may also be discontinued or refused under the following conditions:

For your neglect or refusal to provide reasonable access to us for the purpose of inspection and maintenance of equipment owned by us; for non-compliance with and/or violation of the government's regulations or our rules and regulations; and for non-payment of bills for telephone service thirty (30) days from the date we post to your invoice all applicable charges for the immediately preceding billing period (the "current invoice"). Current invoices are mailed, e-mailed, or otherwise sent to you on or by the same date all charges are finally posted for the immediately preceding billing period.

#### **4.19 Change in Service Arrangement**

When a change in service arrangement involves the continued use by you of facilities furnished by us, installation charges do not apply to the facilities continued in use. The minimum service period for the facilities continued in use is determined from the date of the initial acceptance of those facilities.

#### **4.20 Disconnection Procedures**

We will give you written notice at least one week before we disconnect your service for nonpayment of charges.

We will disconnect you without notice in the event your use of equipment or services adversely affects our equipment, financial status, or our service to others or in the event you tamper with equipment we furnish that is owned or controlled by us or for which we are otherwise responsible.

We will disconnect you without notice in the event of unauthorized or fraudulent use of our service. Whenever service is discontinued for fraudulent use of service, before restoring service, we will require you to make, at your own expense, all changes in facilities or equipment necessary to eliminate illegal use and pay us an amount reasonably estimated as the loss in revenues we sustain as a result of the fraudulent or unauthorized use.

We will disconnect you when necessary for us to comply with any order or request of any governmental authority having jurisdiction.

We will disconnect you without notice for any unauthorized or unlawful use of calling card numbers and/or Authorization Codes issued by us or in the event you sell, attempt to sell or otherwise distribute calling cards and/or Authorization Codes or attempt to do so without our prior written consent.

In addition, as an alternative to disconnection, we may block certain traffic if we deem it necessary to do so to prevent unlawful use of, or nonpayment for, our service in an unauthorized manner or when your call volume or calling pattern results, or may result, in the blockage of our network or the degradation of our service.

#### 4.21 Inspection, Testing and Adjustment

Upon reasonable notice, the services provided by us must be made available to us for tests and adjustments as may be deemed necessary by us for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made when the interruption is less than twenty-four (24) consecutive hours.

#### 4.22 Interruption of Service

Credit allowances for interruptions of service which are not due to our testing or adjusting, to your negligence, or to the failure of channels, equipment or communications systems provided by you, are subject to the *general liability provisions* set forth herein. It shall be your obligation to notify us immediately of any interruption in service for which you want a credit allowance. Before giving us such notice, you must ascertain that the trouble is not within your control, or is not in your wiring or equipment, if any, connected to our terminal. Interruptions caused by automatic dialing equipment are not deemed an interruption of service as defined in this tariff since you have the option of using the long distance network via local exchange company access.

#### 4.23 Cancellation of Application for Service

When you cancel an order for service before the service begins, before completion of the minimum period or before completion of some other period mutually agreed upon, you must pay a cancellation fee equal to the costs incurred by us plus applicable installation charges.

You may cancel service by providing 30 days written notice to us. You are responsible for payment of all charges incurred up to the cancellation date and any past due amounts remaining on your bill.

If we receive a request to discontinue service from a foreign carrier furnishing interconnected service to you, you must provide us with written confirmation of the intended discontinuance or election not to discontinue within five (5) business days, otherwise, we will discontinue service as requested by the foreign carrier.

In the event you either voluntarily discontinue service or we cancel your service for cause, including for non-payment, we shall have no obligation whatsoever to assist you in any respect in transitioning to another carrier or carriers.

Upon termination of your service, your local exchange provider may impose a presubscribed interexchange carrier charge (PICC) if you do not select a new primary interexchange carrier.

We reserve the right to discontinue the use of any code provided to you and to substitute another code for your use. However, where your initial code is cancelled and you continue to subscribe to our service, we will provide you with a replacement code. Nothing in this Tariff gives you any ownership interest or proprietary right in any given Company code.

#### 4.24 Marketing of Telecommunications Services

We use or may use telemarketing, direct mail campaigns, independent agents, or any combination thereof, in the marketing of our services. Each of our agents, telemarketers and all marketing personnel are instructed as to the application of our tariff and that its express terms, conditions and rates are the exclusive authority governing your rights to receive our services.

We expressly disclaim any liability for any of our agent's, telemarketer's or marketing personnel's actions, inactions, representations, promises, and/or statements which in any material way conflict with, or are in contravention of, the provisions of this tariff. You are charged with *constructive notice* of the terms, conditions and rates governing our services made available pursuant to this tariff. You are cautioned to contact us immediately to confirm and/or clarify the exact terms, conditions or rates for service should any question arise with respect to said terms, conditions or rates for service, whether or not such question arises from the actions, inactions, representations, promises, and/or statements of any of our agents, telemarketers, marketing personnel or otherwise.

No agent, telemarketer or marketing personnel may change, alter, revise, move or terminate your rate or service without the express written consent of both of us.

We adhere to the rules of the FCC regarding the procedures to verify your service orders to change your Primary Interexchange Carrier (PIC). In the event of a dispute about your having selected us as your PIC, we will follow the procedures as set forth in the FCC's rules relating to changes in long distance service and particularly Rules 64.1150 and 64.1160. No credit shall be given for any differences in our charges and your previous PIC unless it is reasonably demonstrated that we knew or should have known, prior to the change having been ordered, that your authorization had not been verified by one or more of the procedures set forth in Rule 64.1100 of the FCC Rules.

#### 4.25 Arbitration of Disputes

All disputes concerning or affecting your service, rating of services, transfer of service, payments on account, credits, promotions, special offers or services or any action or service by us or our agents and/or any billing, bills, invoices or statements of account must be resolved through binding arbitration. A dispute is when you fail to pay an invoice or contest it for any reason associated with the ordering, pricing, installation, provisioning, maintenance, repair, interruption, restoration or termination of any service or facility offered under this tariff. Once you raise a dispute, arbitration is mandatory, but you may assert any reasonable claim you think is involved as long as it is directly related to the services we have provided under this tariff. The arbitration shall be administered by a neutral third party administrator (Administrator) jointly chosen by you and us and shall be conducted under rules and procedures normally followed for arbitrations conducted in this country. The obligation to arbitrate is a condition of service under this tariff, and is disclosed in the authorization for service you submitted to us, your "LOA." You retain the right however to file complaints pursuant to applicable statutory provisions if at the conclusion of an arbitration you are not satisfied with the result.

#### 4.26 Telecommunications Service Priority Provisioning and Restoration of Service

The provisioning and restoration of service in emergencies shall be in accordance with Part 64, Subpart D, Appendix A of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

#### 4.27 Assignment of Telephone Numbers for Toll Free Service

##### **Reservation and Administration of Numbers:**

Toll Free Reservation, Assignment or Activation - In our capacity as RespOrg, we will reserve, assign, activate or change, upon receipt of a verified request, toll free numbers for you or/and will administer toll free numbers, in accordance with customary industry standards and practices, the terms of this Tariff and the effective procedures of the 800 Service Management System (SMS/800). You may request reservation, assignment or activation on your own behalf. We will provide you upon reasonable request therefor, information concerning the status of a particular toll free number or numbers in which you have an interest and, if applicable, the identity of the RespOrg(s) for the toll free number(s). When you decide (or we learn of your decision) not to utilize the reserved, assigned or activated toll free number, you must notify us within forty-eight (48) hours so we may release the toll free number to the pool of numbers available for assignment in accordance with industry practice and standards and federal regulations.

Ownership and Brokering of Numbers - Toll free numbers and their assignment for the uses with which they are associated may not be sold, transferred or otherwise conveyed independent of inbound transmission services. The assignment of a toll free telephone number for use with our inbound transmission service confers on you no proprietary interest whatsoever in the number assigned. It shall be a violation of this Tariff if you seek to acquire, or do acquire, any toll free number associated with inbound service provided by us for the primary purpose of selling, brokering, bartering or releasing for a fee (or other consideration) to another party that toll free number, independent of our service with which it is associated.

Use of Numbers: Each TFAS 800/888/877 service telephone number must be placed in actual and substantial use by you within no more than sixty (60) days or such period as required by law or industry common practice that does not exceed 60 days.

Assignment of Numbers: As TFAS 800/888/877 telephone numbers represent a scarce resource, we allocate those available to us by taking into account industry, business, and your characteristics.

## 5 DESCRIPTION OF SERVICES

We offer services under this tariff between our operating centers in the United States and the international locations identified in this tariff. Rates for these services vary by specific service offering, call destination, and duration of the call. In addition, we offer other miscellaneous services.

Originating availability varies by service type and we reserve the right to limit our service origination to specific geographic areas.

All of our services are offered on a monthly basis and are available 24 hours a day, seven days a week. For the purpose of computing charges, a month is considered to have 30 days.

All of our rates are expressed in U.S. Dollars and are time of day insensitive

## 5.1 RATE BASIS AND STRUCTURE

**Rounding.** Like most other providers, we use the industry practice of "rounding." In its most basic form, when call duration does not end on the nearest whole six, thirty or sixty-second increment, the call's duration is rounded to the next whole six, thirty or sixty-second increment as applicable.

All calls are billed in full minute increments, unless otherwise provided, and are rounded to the nearest sixty-second increment.

### 5.1.1 International Maritime Satellite (INMARSAT)

Special rates apply to calls that involve International Maritime Satellite (INMARSAT) Calling. Billing begins when the ship's switchboard answers. Collect and third party billing is not available. Calls are placed via satellite to vessels equipped to accept inbound calls. Many are also equipped to place calls from ship to shore, and send or receive faxes, cablegrams, and telexes. Calls may be placed by directly calling the ship's number. Calls cannot be placed directly to military ships (customers/military personnel can contact their local Red Cross for assistance in an emergency).

Five Types of INMARSAT Service:

Inmarsat Aeronautical – digital-based calls to aeronautical terminals Intl Access Code (011) + Ocean Region Code (3 digits) + Standard B Terminal number (9 digits beginning with the digit 5)

Inmarsat Standard A – analog-based calls to mobile terminals Intl Access Code (011) + Ocean Region Code (3 digits) + Standard A Terminal number (7 digits beginning with the digits 1, 8 or 9)

Inmarsat Standard B – digital-based calls to mobile terminals Intl Access Code (011) + Ocean Region Code (3 digits) + Standard B Terminal number (9 digits beginning with the digit 3)

Inmarsat Standard M – digital-based calls to mobile terminals Intl Access Code (011) + Ocean Region Code (3 digits) + Standard M Terminal number (9 digits beginning with the digit 6)

Inmarsat Mini-M – digital-based calls to mobile terminals Intl Access Code (011) + Ocean Region Code (3 digits) + Mini-M Terminal number (9 digits beginning with the digit 7)
